

Attendance – Every day matters; every minute counts

Stebon's magic number is 97. That's because we're aiming for 97% attendance this year. This week's attendance was **97.03%**. Come on Stebon!

Congratulations to Marie Curie class with a **100%** record.

Philosophy question
Is it worse to fail at something or never attempt it in the first place?

Science Week Homework
Thank you to everyone who has completed their science week homework. It is not too late to bring it back. Give it to your class teacher or to Catrin.

Beaver Scouts meet the Duchess of Cambridge!

This week, we took 8 of our Beaver Scouts in year 3 to Gilwell Park to take part in some outdoor learning activities with the Duchess of Cambridge!

They explored the campsite, took part in a science experiment, created some art and learned how to make a den. They even got the chance to test the waterproofing of their den while our future queen was inside! Luckily, their skills were up to the challenge!

Year 3 parent workshop

Year 3 held a Parent Workshop to support home learning. In Ravi Shankar, the focus was on using everyday household products to learn timetable facts! Followed by an art session using printing sponges to create backdrops for their topic next term: Rainforests.

Parents commented that they found these workshops useful. So, we look forward to having them back next time!

Robot Wars

Helen Keller enjoyed an amazing Robot Wars workshop.
